

Qinhuangdao Xinchi Photoelectricity Technology Co., Ltd.

Register capital:35,000,000RMB (about 555555USD)

Establishing year:2006

Company size:occupied seventy thousand square meters

Staff: 6 Doctors, 25 Masters, 31 technical personnel, 260 trained workers.

Main products:18650,26650 type Cylinder li ion cell,1865130,1765129 prismatic cell,HEV,PHEV cell,electric bike lithium battery,UPS backup battery,solar battery,medical battery,Led lamp battery,portable battery.

Main Market:Our product has taken up 40% share on domestic market,we have customers from USA,India, Holand,Brazil,Australia.

# INTRODUCTION

- Qinhuangdao Xinchu Photoelectricity Technology Co.,Ltd., was established in 2006, Which are specializing in manufacturer of high quality Li-ion battery.Our daily output capacity can be reached 40,000 pieces of 18650 cells,20 million Ah per year. As a top-leading manufacturer in the battery industry, we will be able to provide you with a more professional and customized power-storage solution.
- Xinchu Photoelectricity Technology is located at City of Qinhuangdao, Hebei province, at North of China, which is 270KM from Beijing International airport and 300KM to Tianjin international seaport. In an area surrounded by top Universities with talented, skilled engineers, contractors and University-sponsored technology development programs, which provides us with a solid resources base for continued innovations and growths.
- We offer wide ranges of batteries, LiFePO<sub>4</sub> battery, LiMn<sub>2</sub>O<sub>4</sub> battery, and also Li(NiCoMn)O<sub>2</sub> battery, which are widely used in Electric Vehicle, Electric Bicycles, Power tools, Industrial miner's lamp, UPS, other industry and military fields, etc.
- Our teams are consisting of 6 Doctored, 25 Masters, 31 Professional Technicians, and 260 trained personals. Human resources are maximized through comprehensive training and development programs that make this team being a perfect integral and technical assurance, which allows us to produce high quality products and offer you the best services and solutions.
- We are recruiting partners and cooperators from worldwide, we sincerely invites you to discuss with us your opinions and ideas to be able for us to work in a both"Win-Win" situations for both parties. We do look forward to hear from you and please do not hesitate to contact us if there are any questions.
